

PHOEBE MARIE HOLMES

President, International Radiant
Health Clubs

Noted World Lecturer and Metaphysician

Teacher of Dietetics and Scientific
Breathing

Who Has Inspired Thousands to Re-
gain Health!

Wealth! Success!

Has anyone been to the Sun to tell us if it is hollow?

One person that has been to the Sun and returned to tell us about it was Phoebe Marie Holmes. In 1933, Phoebe published her book, *My Visit to the Sun*, describing her visit to the celestial city, The New Jerusalem, suspended in the hollow of our outer Sun. See: [MyVisitToTheSun-PhoebeMarieHolmes.pdf](#) (ourhollowearth.com)

In her book, Phoebe describes how one evening while she was sleeping, two angels arrived to her home and took her spirit out of her body on a visit to the Sun. Her spirit was attached to her body with a silver cord with unlimited stretchability to keep her body alive while her spirit was gone. The angels took her to the hollow interior of the Sun, to the "heart of the Sun," where the New Jerusalem is being built by Jesus Christ, all the holy prophets and resurrected Saints of God.

When they arrived in the hollow interior of the Sun, Phoebe was taken by the angels of God to visit her unfinished mansion in the New Jerusalem. At her mansion, she found her husband who had already passed on.

As Phoebe reported in her book, the celestial city inside our hollow Sun is the New Jerusalem, as described by the Apostle John in the Book of Revelations, Chapter 21. John described the New Jerusalem as having three dimensions of 1,500 miles tall

(in our system of measurements), 1,500 miles long and 1,500 miles wide. I originally thought the city must be shaped like a huge cube, but Phoebe says the New Jerusalem is a giant terraced "mountain" with a square bottom and having a pyramid shape. So, I am thinking that perhaps the ancient peoples of the Middle East, Europe, America and Asia, who built their temples all over the world, knew what shape the New Jerusalem was going to have, and with this knowledge, they built their temples with a pyramid shape.

The angels that took Phoebe to the Sun told her that the Sun is a giant hollow crystal ball, and as she discovered, was not hot inside, but instead provided a tranquil warmth to all the inhabitants of the celestial city of the New Jerusalem which is suspended by gravity in the center of the hollow of the Sun. A fountain of living water at the top of the pyramid sprays water out over all the terraces below to water them. The vegetation was so lush and Phoebe's property so large that as she was visiting the details of her mansion, she could not even see her neighbors' mansions from her property.

Prior to reading Phoebe's book, I had determined that if the Sun were a hollow body, with a shell having a thickness of 10% of its diameter that the shell of the Sun would have a density of 2.86 gm/cc, and so would have a solid surface. Then I discovered the scientific work of Michael Mozina who determined with satellite imagery that the Sun does have a solid surface. The significance of this is that if the Sun has a solid surface, then the Sun would have to be hollow since it does not have enough mass to be solid all the way through.

The scriptures speak of the stars as planets where God resides and are like unto a crystal and is a place with "everlasting burnings." Isaiah wrote concerning those of us that God will make into celestial beings: *"Who among us shall DWELL WITH THE DEVOURING FIRE? WHO AMONG US SHALL DWELL WITH EVERLASTING BURNINGS?: He that walketh righteously, and speaketh uprightly; he that despiseth the gain of oppressions, that stayeth his hand from holding of bribes, that stoppeth his ears from hearing of blood, and shutteth his eyes from seeing evil: He shall dwell on high..."* (Isaiah 33:14, 15)

The prophet Daniel asserted that celestial beings shine with the same brightness as the heaven or star in which they live when he wrote,

"And they that be wise shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars for ever and ever." (Daniel 12:3)

The prophet Joseph Smith (of The Church of Jesus Christ of Latter-day Saints) taught,

"The angels do not reside on a planet like this earth; But they reside in the presence of God, on a globe like a SEA OF GLASS AND FIRE, where all things for their glory are manifest, past, present, and future, and are continually before the Lord."

"The place where God resides is a great Urim and Thummim."

"This earth, in its sanctified and immortal state, will be made like unto crystal and will be a Urim and Thummim to the inhabitants who dwell thereon, whereby all

things pertaining to an inferior kingdom, or all kingdoms of a lower order, will be manifest to those who dwell on it; and this earth will be Christ's." (D&C 130:6-9)

While at the New Jerusalem in our hollow Sun, Phoebe was taken by the angels to the top of the pyramid where there was a big open air amphitheater where all the people gathered at a certain time, and Jesus Christ came and spoke to them.

One of the things that Jesus taught his disciples during his three year ministry on Earth was that "the meek shall inherit the earth." (Matthew 5:5) The meek are those willing to love God and their fellow beings enough to keep His commandments so that Jesus' redeeming blood can purify them of all sin, because no unclean thing can live in the presence of God. Then Jesus promised his disciples that he would go and prepare mansions in heaven for all his followers. He told his disciples, "In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you." (John 14:2)

Phoebe learned while she was visiting her unfinished mansion in the New Jerusalem in our hollow Sun, that we all are building our mansion in heaven by every good act we perform in this life on earth. During his ministry on earth, Jesus taught that Faith, Repentance, Baptism by an authorized servant of God and Reception of the Holy Ghost, plus the continued living "by every word that proceedeth forth out of the mouth of God" (Mathew 4:4) are the requirements for entrance into the Celestial World to live as celestial beings with God after this life on earth.

Phoebe learned that the wicked who do not repent of their sins will be burned at Christ's Second Coming to earth in the near future. Revelations 20:5 indicates that when the wicked are resurrected at the end of the earth's mortal existence (after the millennium) they will be taken to live on another world. Those righteous enough to be saved from the burning will be blessed to live on this earth after it is cleansed from all wickedness during Christ's millennial reign on earth.

The prophets of God have declared that God has prepared this earth to become a Celestial body. As a sun it will shine forth in its resurrection as the stars in the heavens.

We read from DOCTRINES OF SALVATION, by Joseph F. Smith, of the Celestial Destiny of our earth: *"The earth will be cleansed again. It was once baptized in water. When Christ comes, it will be baptized with fire and the power of the Holy Ghost. At the end of the world, the earth will die; it will be dissolved, pass away, and then it will be renewed, or raised with a resurrection. It will receive its resurrection to become a celestial body, so that they of the celestial order may possess it forever and ever. Then it will shine forth as the sun and take its place among the worlds that are redeemed. When this time comes the terrestrial inhabitants (those living terrestrial laws) will also be taken away and be consigned to another sphere suited to their condition. Then the words of the Savior will be fulfilled, for the meek shall inherit the earth."*

Scientists tell us our Sun is dying and will eventually cool off and become a dead world. However, Joseph F. Smith, in his book, continued saying, *"It is my opinion that the great stars that we see, including our sun, are celestial worlds; at least worlds that have passed on to their exaltation or other final resurrected status. This is in conflict, of course, with the teachings of scientific men, who declare that the*

sun is losing energy and gradually cooling off and will eventually be a dead world. I do not believe the Lord has any such thing in his plan. The Lord lives in 'everlasting burnings' we are informed. President Brigham Young has said that this earth when it is celestialized will shine like the sun, and why not?" (DOCTRINES OF SALVATION pp. 88, 89)

Astronomers report celestial events that occur at a rate of about ten per year called Novae and are considered the birth of new stars. Novae always occur in binary systems, which indicates that the new star perhaps was a planet orbiting a star before lighting up as a Nova. Perhaps Novae are planets that die and then are resurrected to their final celestial status, but still continue to orbit their primary star after being resurrected. At the moment of resurrection, the new star emits a brilliant flash of light that gradually diminishes over the next few days and weeks to its regular steady magnitude of light emission.

In the book of Revelations, the last book of the Bible, we read of the death and resurrection of this earth and of the City of God, the New Jerusalem, descending out of heaven (of our hollow Sun) to occupy its position suspended in the hollow of the resurrected Earth.

In Revelations Chapter 20:11, John the Beloved speaks of the death of the earth, *"And I saw a great white throne and him that sat on it, from whose face the earth and the heaven fled away; and there was found no place for them."*

Then in Chapter 21:1-3 is described the resurrection of the Earth and the Earth's Heaven,

"And I saw A NEW HEAVEN and A NEW EARTH: for the first heaven and the first earth were passed away; and there was no more sea. And I John saw the holy city, new Jerusalem, coming down from God out of heaven, prepared as a bride for her husband. And I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God."

After Phoebe's visit to the New Jerusalem in our hollow Sun, she was brought back to earth to finish her mission on earth.
